

## **MED PRIDE Alcohol Prep Pads | Pack of 200 | Medical-Grade | Sterile | Individually-Wrapped | Antiseptic Medium Square Size, 2ply**

### **Product description:** Alcohol Prep Pads by Med Pride – 1.2”X 2.6”

An all-around skin sanitizing means, the prep pads are a great addition to a professional premise’s inventory, as well as any First Aid kit at home.

- **Highly Versatile:** Used to sanitize skin areas prior to injections for bloodwork, immunizations or insulin shots and also for cleaning up diabetic lancets, taking blood sugar home tests, small cuts or wounds as well as piercings- our pads deliver in both value and practicality.
- **Individually Wrapped:** Each pad is individually wrap into foil pouches for both protection, convenience & quality. 2ply Construction, Soft to the Skin: Not only highly absorbent, but also smooth to the touch, the prep swabs are made with 2ply cotton, that’s ideal for any skin type.
- **Antiseptic:** Each pad carries 70% of isopropyl this helps prevent infections and comes in handy on minor cuts, scratches, acne or skin injuries.

### **Features:**

- **FIRST-AID ESSENTIALS-** From cleaning small wounds, cuts, blemishes, and acne to sanitizing skin areas prior to injections for bloodwork, immunizations or insulin shots- our pads cater to a vast variety of sanitization needs.
- **INDIVIDUALLY WRAPPED-** To better preserve their pristine quality and sterilization on their way to you, our alcohol swabs are individually wrapped in tinfoil. This makes them really handy and easy-to-use for both professionals and individuals at home.
- **ANTISEPTIC PROPERTIES-** Containing 70% Isopropyl, the prep pads prevent infections prior to injections for medical exams or purposes. Our pads feature a soft, highly absorbent 2ply construction that’s ideal for any type of skin.
- **FOR PROFESSIONAL & HOME USE -** The pads are conveniently packed and can be used in both professional premises like hospice care, hospitals or medical facilities or make an essential addition to any household’s first aid kit.
