

Rolling Tool Box with Wheels, Foldable Comfort Handle, and Removable Top Toolbox Organizers and Storage by Stalwart

Store everything from tools, nuts and bolts, screws, and other small parts to craft supplies, fishing tackle, and more with the Portable Tool Box by Stalwart. This tool storage organizer comes with a deep storage bin and a tool chest with drawers that stack on top of one another as well as rolling wheels for convenient portability from jobsite to jobsite. Stalwart, for tool organizers and storage boxes that are SMART, STRONG, and SECURE.

Keep your tools and supplies organized for off-site jobs with the Rolling Tool Chest with Drawers by Stalwart. This wheeled tool organizer features three small parts storage boxes with 24 total compartments, two removable tool trays, removable top storage, and cable hooks for keeping extension cords neat and organized. The fold-down handle with comfort grip makes taking this mobile rolling tool chest along to different work locations a breeze. The durable polypropylene-and-metal construction means your tools and equipment will be well protected during travel and in rough construction environments. The deep bottom storage compartment is great for bringing along power tools, extra boxes of small parts, or personal protective equipment.

2-in-1 Design

This tools organizer features a 2-in-1 design that includes a large bottom bin as well as a tool chest with 24 small parts compartments that can be latched together or used separately. The stackable tool box has large 4.2-inch-tall wheels with an ergonomic fold-down handle, making it easy to take the set of 2 toolboxes with you to different jobsites or even when you just need to move them from one room to another.

Removable Storage Trays

The top plastic tool box features 2 removable storage trays that fit snugly inside and can be used as a toolbox organizer. This tool case is also equipped with cable hooks and two compartments on top that can be used as a small parts organizer for storing nails, beads, fishing lures, and more for easy access.

Multipurpose Use

This versatile tool box on wheels is perfect for storing a variety of tools, hardware, toys, or arts and crafting supplies. The larger bin can be used for bigger equipment and tools while the top tool box can be used for small items, such as fishing tacking, nuts and bolts, screws, nails, and so much more — the possibilities are endless.

ABOUT THIS PRODUCTS

PORTABLE TOOL BOX – This rigid toolbox has two 4.2" nylon wheels and a fold-down handle with comfort grip, so you can take everything you need to off-site jobs.

TOOL STORAGE – 24 total small parts compartments, two removable tool trays, and a deep bottom compartment ensure that you will have room for all your essential tools and supplies while on the go.

RUGGED DESIGN – This tool chest with wheels is made of durable polypropylene and metal to keep your power and hand tools safe and secure during travel or moving around rough construction sites.

CABLE HOOKS – Never worry about lost or tangled extension cords with the attached cable hooks. They are also great for holding tape rolls and other small supplies.
